

30 April 1959

MEMORANDUM FOR THE RECORD

SUBJECT: Concurrence in Amendment No. 1 to Contract No. NY-3958 with  
Westinghouse Electric Corporation, Baltimore, Maryland  
Equine 4, Project CHALICE [REDACTED]

25X1A1a

1. This memorandum contains a recommendation submitted for concurrence of the undersigned. Such recommendation is contained in Paragraph 6.

2. Contract No. NY-3958 covers the Navy requirement for modifying two Navy owned APQ-56 Radar and Radan Systems to incorporate design improvements. Also, to inventory existing spares and furnish additional spares. This is a fixed price contract. The proposal has been reviewed and is considered reasonable by the Air Force Auditor. The Contractor is modifying one Radar and Radan System at no charge with the provision that the Company may use the equipment for demonstration purposes. In the event of loss, damage or destruction the Company assumes full liability.

3. This Amendment No. 1 establishes the final fixed price for Item 2b. The existing Government Radan Spares have been inventoried and Item 2b was originally written on a "not to exceed \$6,081.00" basis. The final price is now \$4,778.00.

4. Amendment No. 1 results in a net decrease of \$1,303.00 which should be liquidated from "No Year" Navy Funds previously obligated during FY1959. By concurrence to this memorandum the Comptroller signifies that funds have been adjusted as provided above.

5. Certification of funds for this contract will be handled under the procedure approved by the Director of Central Intelligence on 15 December 1956 which, in effect, results in all 8(b) expenses involving issuance of Treasury Checks being accumulated in a separate account within the Finance Division. The amounts in this account will be periodically scheduled for certification of the vouchers by the Director. This procedure eliminates the necessity for a separate certification of authority under Section 8(b) of Public Law 110, 81st Congress, for each contract.

G. Concurrence in Amendment No. 1 to Contract No. NY-3958 is recommended.
